

With Maui's Girl Scouts

(By Miss Frances Seibert, Director)

Maui Girl Scout Leaders held their last meeting Saturday, May 27, at the home of Miss Maude Anderson, Captain, Wild Rose Troop, Lahaina. Miss Anderson was a most charming hostess, and the Leaders from this side were enthusiastic in their praise of the delicious "Kau Kau" and the good time shown us by the Lahaina leaders. The Director feels that this Association has helped us all. The "getting together" and pooling our interests has proved a great stimulus. Following is the Secretary's report.

"Lahaina, May 27, 1922.

"The Maui Girl Scout Leaders were called to order by the Chairman Miss Rosecrans at 1:30 at the home of Captain Anderson. Fifteen Captains, and Lieutenants were present.

"The minutes of the last meeting were read and approved.

"The Constitution and By-Laws were read. A copy is to be sent to each Captain.

"In starting her report of Camp, Miss Seibert called the roll of Captains and they responded with the number of scouts they expected to have in camp and the weeks that they would be there. It was found

that there were too many for the first week as only 35 can be accommodated at one time. The Star of Bethlehem was given permission to go the first week as it is the only troop with 100% roll call for camp.

"The girls are to wear their uniforms and take middie, bloomers, coat or sweater, blankets, hiking shoes, and any other Scout equipment they may have.

"All scouts are to send in five cents each for soda given them Scout Day.

"Captains are to report on the number of Scouts who work during the summer, where, what and how long.

"There will be no regular scout meetings during the summer unless some Captain wishes particularly for special meetings.

"All troops are asked to settle all outstanding bills before school closes.

"Each troop will receive a troop number for Maui in accordance with the troops date of registration. This will in no way change or conflict with the number sent out from New York.

"Miss Seibert gave a very nice talk thanking the Captains and Lieutenants for their cooperation.

"A solid gold locket will be given the first First Class Scout on Maui.

The meeting was adjourned.

"HELEN E. VAN KEUREN,
Secretary."

Many of our Captains and Lieutenants are leaving when school closes. We are sorry to have them go. We thank them for their splendid service. We hope they will come again and we send them our "Aloha."

Hurrah for the Girl Scout Camp at Kailua, beginning June 26 and ending July 17.

We are going to have a full camp the entire three weeks.

For further information inquire at Girl Scout Headquarters, Alexander House Settlement, Wailuku, Maui.

News of the Troops

Hamakuaopoko (Morning Glory Troop)

These girls are good workers and even though they are without a leader they manage to keep together. All are getting their uniforms and under the direction of Mrs. Hale are making them look very fine. We hope some of these scouts will be able to go to camp. Following is a report from the Secretary and a letter to Mrs. Peacock.

"The regular meeting of the Morning Glory Troop was called to order at 2:30 at the school house May 11, 1922, with 16 girls present.

"The meeting was opened by giving the flag salute and singing the Star Spangled Banner.

"The meeting was called to order by the Chairman and each girl responded by giving a scout law. After the meeting adjourned we played long ball. The meeting was closed by giving the scout promise and singing the Battle Hymn of Republic.

"FILAMENA Secretary."

Hamakuaopoko, May 25

"Dear Madame Peacock:

"We, the Morning Glory Scouts were very thankful to hear you sing on scout day for us. We thank you very much.

"Your friend,
SHIZUKO NAKANO."

Sprecklesville

Now what do you think this troop is going to do? They always have a surprise for us. Well, if you really must know I will tell you. They are going to entertain some of the members of the Council at Mrs. Fantom's home next Wednesday afternoon. In this way they are going to prove their right to wear the "hostess" badge. Do you know what a girl must do to earn this badge? In case you do not we are going to tell you.

Hostess

Symbol—Cup and Saucer

1. Demonstrate receiving, introducing and bidding guests goodbye.

2. Write notes of invitation for a luncheon, dinner party, and write a letter inviting a friend to make a visit.

3. Give an out of door party or picnic, planning entertainment, and prepare and serve refreshments, or demonstrate ability to plan for an indoor party, arranging the rooms, a place for wraps, entertainment of guests, serving of refreshments.

4. Set a table and entertain guests for lunch or dinner or afternoon tea and demonstrate the duties of a hostess who has no maid, or who has maid, to serve.

5. What are the duties of a hostess when entertaining a house guest for a few days or more?

6. When entertained as a house guest what are some of the necessary things to be remembered?

7. What is a "bread and butter" letter? Write one.

8. When invited to a party, luncheon, dinner or to make a visit, how should the invitations be acknowledged? Write at least two letters to cover the question.

9. What are the duties of a caller, dinner or party guest as concerns time or arrival, length of stay and leaving?

The Carnations, or at least some of them, are receiving some very valuable instruction in "First-Aid" from Anna Simons, nurse of the Puunene District. Miss Simons reports splendid work and interest on the part of the girls and has even promised them some actual work to prove their ability.

We are mighty proud of our Scouts who are learning this important work of First Aid and Home Nursing and appreciate Miss Simons' help in making these lessons practical.

Kahului

"Kahului, May 29.

"Dear Sister Scouts:

"Perhaps you would be interested in the hike we took last week.

"On Saturday afternoon at 1:30 ten of us gathered at the Kahului Station and got into Mr. DeKay's car. At Mrs. Pleasant's, Miss DeKay, Miss Hale, and Miss Seibert joined us. Here we girls separated into two groups. The machines brought us right up to the foot of the needle.

"While one car load was waiting for Miss Seibert's who had to have her tire fixed, a basket of lunch fell to the ground and its contents were spoiled and mixed with the dirt. We didn't throw the lunch away for before our hike was over, we found that we could eat almost anything.

"While we were waiting for the rest of the girls we drank in the coolness and beauty of the valley. A few minutes later we were joined by the other girls, and with Miss Hale as our leader, we proceeded towards the tableland. The climb was a trying one, especially for those who had never hiked. We became quite tired, but as we walked on the scenery became so beautiful that our fatigue was forgotten. Back of us was the magnificent deep blue sea, while all around us were mountains, plants and flowers. The lehua were very tempting, but we were warned to leave them alone. Most of you are no doubt familiar with the Hawaiian belief that if a person picked a lehua, it would rain. We didn't know whether to believe this or not, but we left the flowers alone.

"As we climbed the hills we thought of nothing but the tableland for we thought that we would never reach it. At every stopping place some one would ask "Is this the tableland?" In spite of that fact that the scenery was beautiful and there

was much about us to interest us we became tired. We were nearly famished by this time and I do not think that there was a single scout who did not long for the end of our journey. Finally, after much stumbling and sighs the longed-for tableland was reached. I don't think you can imagine our joy when we sighted it. We quickened our steps and as soon as we reached our destination, we began to look for guavas and bananas, for we were told that they were quite abundant. Just as we were about to give up looking for bananas a girl discovered a ripe bunch. A mad scramble was made for the bananas but to our disappointment they could not be reached, so some one climbed a nearby tree and threw the fruits down. We were surprised to find that the bananas were not ordinary ones. They contained many black seeds, and later we found that they were air bananas.

"After we had eaten our lunches Miss DeKay announced that we had only a few minutes more before we started for home, so we carved our names on fallen trees and had a delightful time.

A foreign body got into Miss DeKay's eyes. All kinds of first aid were applied but they were useless. She suffered much and relief came when some timely visitors came to the rescue.

"The hike down the valley was naturally easier than the one going up, but we slipped many times. A funny incident happened which made us laugh loud and long. A little girl was so absorbed with the scenery that she forgot to watch her step. As she was crossing the river, Splash!—we turned around and there we saw her in the river dripping! We dried her overalls as best as we could.

"At about 4:30 o'clock Miss Seibert packed us all in her car and dropped us at the station. We were loaded with souvenirs and we had to dispose of some because of the limited space in the car.

"We were all tired out but happy, and whether you agree with us or not, we thought that the day was delightfully spent, and we hope to take another hike in the near future.

"Sincerely yours,
"MARY LUKE."

SUCCESSFUL GUARDIANSHIP

IN acting as guardian the Trent Trust Company does a very personal service very impersonally. In other words, the best interests of those concerned are given first consideration. There are no prejudices or private opinions to sway the decisions of the Trent Trust Company as may be the case when a private guardian is named.

TRENT TRUST CO LTD

So to serve that we may continue to serve.

WHAT EATS UP YOUR FENCES?

ARMCO Iron products are universally known for their rust resisting qualities because Armco iron is 99.84 per cent pure. A demand from the farmers of the country for a fence wire that would resist rust as well as do other Armco products resulted in Armco fence wire.

Remember Armco when building new fences or repairing old ones. It is of high tensile strength and will last indefinitely.

There is an Armco product for every purpose where iron is used.
